V. Sujatha
Principal
Sri Venkateswara College of Nursing
R.V.S. Nagar, Tirupathi Road,
Chittoor - 517 127.

EFFECTIVE TEACHING METHODS:

Latest technologies are used by the faculty for effective teaching which is as follows:

| | |
|------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Spotters | Articles of clinical interest are collected and displayed in the lab. The students are then asked to write significant features of each item on display. This helps the students in identifying and learning about the article in detail. |
| Role Play | Students enact on various topics which will be easily understood by the general public. |
| Puppet Show | Puppets come to life, as they are handled deftly and skillfully by our students. 'Puppet Shows' are staged during the celebration of important days in the calendar year. |
| Poster Presentation | A theme related to the subject is chosen and students are asked to prepare poster based on the theme. Winners are encouraged with prizes. |
| Vital Days Celebration | All important days are celebrated by conducting either seminars or panel discussion, essay writing, elocutions, based on the theme for the day |
| Quiz | Quiz competitions are conducted on important days related to Nursing celebrated with various activities. |
| Extra classes | Class schedules are put-up regularly and it is seen to it that the students are given intense training as per the schedule |
| Special Classes for Slow Learners | Based on the internal assessment marks and the general performance in the class, some of the slow-learners are segregated from the class. Special classes are planned and carried out for them. Special attention is given to these students so as to ensure that they are better prepared to perform well in the exam |
| Interactive Sessions | Apart from the lectures, interactive sessions are held for the students. These sessions help the students to come out with their doubts and have them clarified by the teacher. Also, specific valuable points towards the development of the department are discussed |
| Use of CD/DVD | Teachers of this department regularly use CDs/DVDs as an AV aid during their lectures. |
| E-learning | Creative assignment work is allotted to the students as team work. Students utilize the webliograph to prepare their assignments. |
| Group Research | Students take up the task of conducting research on "Evidence Based Practices", groups. This is done in both community and hospital set-up. |
