

Availability and adequacy of general campus facilities and overall ambience

Our institutional complex is unique and has all the facilities more than the requirement of INC and NTRUHS. Further, the overall ambience of the campus is very good with greeneries, water bodies and landscaping. Other facilities are shared by all the institutions functioning within the campus.

Medical facility: RVS Institute of Medical Sciences is a 450 bedded Multi-specialty hospital located on the opposite side of the campus and functioning 24 hours with various facilities. Students and faculty members avail the medical support whenever required. An ambulance facility for 24 hours is available to meet the emergency situation for both students and faculty members. There are canteen, visitor's room to cater to the needs of the students and others. Clean and well-established washrooms are provided in the college, hospital blocks and other places within the campus which is also disabled-friendly. All the facilities within the campus are easily accessible and are guided by various signage boards, transport facility is provided with battery-powered vehicles for easy accessibility to the different parts of campus.

Residential facility: There are two hostels for girls. Students are provided double bedded, triple bedded as per students convenience with storage cupboard and all essential furniture's and attached toilet facilities are available. The dining hall and kitchen are well equipped with an adequate seating facility, 24 hours power supply, adequate ventilation, essential items for cooking and cleaning vessels, drainage facility, safe water supply by RO system, which ensures comfortable accommodation. Safety and security are facilitated by 24 hours security service and fire safety measures are taken care of in the hostel. Regular vigilance is kept by the warden throughout the day and maintains the students in and out registers. The principal and hostel coordinator frequently visits the hostel. Recreational facilities like TV, newspaper and magazine, indoor game facilities like a shuttlecock, tennikoit, carom and chess. Students can use the laundry, gymnasium and reading rooms whenever required. There is an open waiting hall for parents and visitors with a sofa and a table. It is a clean and pleasant environment with no smoking, no ragging and no plastic usage. Solar panels and generators are installed to generate electricity as an alternate source of energy within the campus.
