PRINCIPAL

Copy to:

1. Chairman for Favour of information
2. Principal
3. Circulation to all Staff members

Objective of the Programme:-

Communication systems are connected together through cables, wires, antennas or electromagnetic waves. Designers of communication systems may be trained in electrical engineering, electronics engineering or a related discipline. Due to the fact that there are four types of communication in the workplace, verbal (in-person), body language, phone conversations and written communications, understanding that each of your employees probably reacts better to one form over the other is vital for successful communication.

About the Institute

Sri Venkateswara College of Nursing was started in the year 1982 with the ambience of providing Nursing education to the poor and under privileged. The Motto of the College is to provide excellent education and expertise skills in Nursing Practice. The College has been sanctioned by the AP State Government, approved by AP Nursing Council and Recognized by Indian Nursing Council, New Delhi. It is affiliated by Dr. NTR University of Health Sciences, Vijayawada. This institute is promoted by Srinivasa Educational Academy under the watchful eyes of Dr. Ravuri Venkataswamy, the Group has group of selfless, dedicated and hardworking people whose endeavor in providing and establishing good professional education to the students has been a relentless effort on their part. The Institute has got adequate buildings and other infrastructure facilities located very near to the temple city.

The ANM & GNM Courses was started in the year 1982 and 1983 respectively where as the B.Sc Nursing was started in the year 2002 in Chittoor, Tirupati and Hyderabad. Till Now ANM - 1080 Students, GNM - 1960 Students and B.Sc. - 812 Students has passed out from the Institute. The Nursing students studied in the institution are employed all around India and also in abroad. The students studied in these Nursing institutions are working in institution like CMC-Vellore, Apollo Hospital-Chennai and in so many prestigious hospi-

We are competing with other world class institutions by providing excellent upto date knowledge to the students by highly qualified faculty. Good clinical experience with well equipped laboratories and in District head quarters Hospital.

The college is permitted by INC, New Delhi, AP Nursing Council, Hyderabad and affiliated to Dr. NTR University of Health Sciences, Vijayawada. The College has experienced faculty for paving way for best academic and clinical performance of the students.

We have our parent hospital by name RVS Hospitals & Research Foundation. It is Multi Specialty Hospital which consists of 450 beds with well equipped departments.

Topics covered

- Parallel wire communication.
- Twisted wire communication.
- Coaxial cable communication.

Outcome of the Programme

Communication to be effective, it must be clear, correct, complete, concise, and compassionate. Communication design seeks to attract, inspire, create desires and motivate people to respond to messages, with a view to making a favourable impact. This impact can be to the bottom line of the commissioning body, which can be either to build a brand or move sales. Communication Design requires to make clever use of existing mediums, to constantly explore for new mediums and to create new media channels to ensure the message reaches the target audience in a correct, fast and efficient manner, preferably with the least number of resources involved.
