Copy to:

1. Chairman for Favour of information
2. Principal
3. Circulation to all Staff members

Objective of the Programme:-

solid waste management mainly refers to the complete process of collecting, treating and disposing of solid wastes. In the waste management process, the wastes are collected from different sources and are disposed of. This process includes collection, transportation, treatment, analysis and disposal of waste. Solid waste management is extremely important in our community mainly because it will prevent our household from experiencing the hazardous outcomes of solid waste material. By getting rid of most of these waste matter properly, we can actually protect our loved ones along with the environment.

About the Institute:-

Sri Venkateswara College of Nursing was started in the year 1982 with the ambience of providing Nursing education to the poor and under privileged. The Motto of the College is to provide excellent education and expertise skills in Nursing Practice. The College has been sanctioned by the AP State Government, approved by AP Nursing Council and Recognized by Indian Nursing Council, New Delhi. It is affiliated by Dr. NTR University of Health Sciences, Vijayawada. This institute is promoted by Srinivasa Educational Academy under the watchful eyes of Dr. Ravuri Venkataswamy, the Group has group of selfless, dedicated and hardworking people whose endeavor in providing and establishing good professional education to the students has been a relentless effort on their part. The Institute has got adequate buildings and other infrastructure facilities located very near to the temple city.

The ANM & GNM Courses were started in the year 1982 and 1983 respectively where as the B.Sc Nursing was started in the year 2002 in Chittoor, Tirupati and Hyderabad. Till Now ANM – 1080 Students, GNM – 1960 Students and B.Sc. – 812 Students has passed out from the Institute. The Nursing students studied in the institution are employed all around India and also in abroad. The students studied in these Nursing institutions are working in institutions like CMC-Vellore, Apollo Hospital-Chennai and in so many prestigious hospi-

We are competing with other world class institutions by providing excellent upto date knowledge to the students by highly qualified faculty. Good clinical experience with well equipped laboratories and in District head quarters Hospital.

The college is permitted by INC, New Delhi, AP Nursing Council, Hyderabad and affiliated to Dr. NTR University of Health Sciences, Vijayawada. The College has experienced faculty for paving way for best academic and clinical performance of the students.

We have our parent hospital by name RVS Hospitals & Research Foundation. It is Multi Specialty Hospital which consists of 450 beds with well equipped departments.

Route Map:-

College:-

Topics covered:-

- Municipal Solid Waste (MSW)
- Hazardous Wastes
- Industrial Wastes
- Agricultural Wastes
- Bio-Medical Wastes
- Waste Minimization

Outcome of the Programme:-

Solid waste saves landfill capacity for materials that do not have alternative uses and reduces the number of raw materials used in construction and other industries. Waste management is important as it saves the environment from the toxic effects of inorganic and biodegradable elements present in waste. Mismanagement of waste can cause water contamination, soil erosion and air contamination. Waste can be recycled if collected and managed efficiently. Solid waste management mainly refers to the complete process of collecting, treating and disposing of solid wastes. In the waste management process, the wastes are collected from different sources and are disposed of. This process includes collection, transportation, treatment, analysis and disposal of waste.
