Copy to:

1. Chairman for Favour of information
2. Principal
3. Circulation to all Staff members

Objective of the Programme:-

Preventive measures include physical or social distancing, quarantining, ventilation of indoor spaces, covering coughs and sneezes, hand washing, and keeping unwashed hands away from the face. The use of face masks or coverings has been recommended in public settings to minimise the risk of transmissions. The responsibilities of these nurses differ in each career path, but all community health nurses promote healthy living, disease prevention, and necessary medical treatment. Additionally, community health nurses create programs that promote community health and collect data to identify community needs.
