Copy to:

1. Chairman for Favour of information
2. Principal
3. Circulation to all Staff members

**Objective of the Programme:-**

ECG interpretation includes an assessment of the morphology (appearance) of the waves and intervals on the ECG curve. Therefore, ECG interpretation requires a structured assessment of the waves and intervals. Before discussing each component in detail, a brief overview of the waves and intervals is given. The time between two specific ECG events. The intervals commonly measured on an ECG include the PR interval, QRS interval (also called QRS duration), QT interval and RR interval. The standard 12-lead electrocardiogram (ECG) is one of the most commonly used medical studies in the assessment of cardiovascular disease.

**About the Institute:-**

Sri Venkateswara College of Nursing was started in the year 1982 with the ambience of providing Nursing education to the poor and under privileged. The Motto of the College is to provide excellent education and expertise skills in Nursing Practice. The College has been sanctioned by the AP State Government, approved by AP Nursing Council and Recognized by Indian Nursing Council, New Delhi. It is affiliated by Dr. NTR University of Health Sciences, Vijayawada. This institute is promoted by Srinivasa Educational Academy under the watchful eyes of Dr. Ravuri Venkataswamy, the Group has group of selfless, dedicated and hardworking people whose endeavor in providing and establishing good professional education to the students has been a relentless effort on their part. The Institute has got adequate buildings and other infrastructure facilities located very near to the temple city.

The ANM & GNM Courses was started in the year 1982 and 1983 respectively where as the B.Sc Nursing was started in the year 2002 in Chittoor, Tirupati and Hyderabad. Till Now ANM – 1080 Students, GNM – 1960 Students and B.Sc. – 812 Students has passed out from the Institute. The Nursing students studied in the institution are employed all around India and also in abroad. The students studied in these Nursing institutions are working in institution like CMC-Vellore, Apollo Hospital-Chennai and in so many prestigious hospi-

We are competing with other world class institutions by providing excellent upto date knowledge to the students by highly qualified faculty. Good clinical experience with well equipped laboratories and in District head quarters Hospital.

The college is permitted by INC, New Delhi, AP Nursing Council, Hyderabad and affiliated to Dr. NTR University of Health Sciences, Vijayawada. The College has experienced faculty for paving way for best academic and clinical performance of the students.

We have our parent hospital by name RVS Hospitals & Research Foundation. It is Multi Specialty Hospital which consists of 450 beds with well equipped departments.

- Q wave
- R wave
- S wave
- T wave and
- U wave

**Outcome of the Programme:-**

An ECG is often used alongside other tests to help diagnose and monitor conditions affecting the heart. It can be used to investigate symptoms of a possible heart problem, such as chest pain, palpitations (suddenly noticeable heartbeats), dizziness and shortness of breath. Nurses who are trained to read ECGs can improve patient care through the early identification of actual or potential complications and the prompt referral of patients. These nurses are also equipped to explain conditions and treatments to patients when they are asked to do so.
